

Dear members of the international HDS, dear interested people!

We cordially invite you to this event:

International Classic Diver Meeting 2022

Date: 17.06.2022 - 19.06.2022

Place: Leipzig - Markkleeberg

Motto:

During the existence of the GDR, VEB Medizintechnik Leipzig produced almost the entire range of East German diving technology under the brands MEDI and MLW. Therefore we have chosen the central motto "MEDI - DDR Tauchtechnik" for our diving meeting this year.

We are very proud to be able to show you an incredibly extensive portfolio of industrially produced MEDI diving technology and self-made diving equipment from the GDR. From masks to two-hose breathing regulators, oxygen rebreathers to MEDI helmet diving equipment, we will be exhibiting a great many pieces, some of them extremely rare.

General Meeting: On Saturday morning, the General Meeting will be held **for the members of HTG** at the Hotel "Atlanta".

For non-members, members of other HDS and guests there is the possibility of diving at the diving school Kamski at the Cospudener See on Saturday morning.

The detailed schedule for the individual activities and venues can be found in the attachment.

Accommodation:

We recommend the hotel "Atlanta".

Special conditions for 50 rooms have been agreed with the Atlanta.

Atlanta Hotel International Leipzig

Südring 21

04416 Leipzig/Wachau

The Hotel Atlanta will also host the "MEDI Diving Technology Exhibition" and the lectures, as well as the joint dinner on Saturday.

From the Hotel Atlanta you can reach the other event locations at the Cospudener See within approx. 15 min.

The 4-star hotel is ideally accessible via the A9, A38, A14 and B2 motorways. Our international guests can arrive directly via Leipzig Airport. Due to its ideal location between Leipzig city and the Neuseenland to the south, it is also an ideal starting point for exciting sightseeing trips or pleasant excursions in the water-rich surroundings.
